A New Way To Make Money

Who ever heard of making money with a museum? Instead of selling empty bottles or running errands, two 11-year-old boys decided to hold open

house showing archaeological specimens to make some cash. Mike Ward (left) of 2843 So. 24th and his sixth grade buddy Johnny Hilton of 2500 Woods-

crest are explaining the death rites of the Penitentes to a neighborhood crowd at their grand museum opening Sunday. (Star Staff Photo.)

## 11-Year-Old Pair Stage Own 'Museum'

By ALLEN EDEE  
Star Staff Writer

Watch out, University of Nebraska Museum Director Bertrand Schultz, you have got some competition.

They are two pint-sized boys in the sixth grade who can talk turkey on archaeology like a baseball fan can talk about batting averages.

The 11-year-old boys, Mike Ward of 2843 So. 24th and John Hilton

of 2500 Woodcrest, held an open house Sunday to show their archaeological museum.

\$2.50 Swag  
The boys couped \$2.50 in the ingenious money-making proposition. For a dime the spectator could see a collection of Indian heads, pottery, primitive weapons and implements, books, maps, and archaeologist's tools.

The boys conducted tours of the collection, explaining such terms

as Penitentes, mano and metate to the onlookers.

It was a line of archaeology that would do a Cook's tourist guide proud.

Week's Preparation  
The youths prepared for a week for their grand museum opening. They sorted out the pieces, labeled them, and — roughness of all — cleaned the basement to set up the specimen tables.

Then they blanketed the neighborhood with advertising, sending invitations to the open house, and placing signs on Mike Ward's lawn. To clinch some business they even served refreshments as an added inducement.

All of the museum specimens were collected by the two boys on trips with their families to New Mexico and South Dakota's Black Hills and Badlands.

Since He Was 6  
Mike has been interested in his hobby since he was six, learning the ropes from his dad, Lauer Ward. Mike pushed his friend, Johnny, into archaeology, and the two came up with some fine specimens, including a 1,000 year-old stone ax and a New Mexican figurine 500 years old.

The two have done excavating and have planned a special trip next week to dig out some Indian burials on a farmer's land near Bruno, Neb.

But next summer is the payoff. The two will journey with a Harvard professor to New Mexico.

"We will bring home thousands of skulls and be a hundred miles from civilization," Mike said excitedly.

## Neighborhood Registration Starts Today

The city's new neighborhood voter registration system begins Monday, Oct. 11, at the Havelock fire station. Registrations for the Nov. 2 election will be taken in Havelock from 1 to 9 p.m. and in four other suburban areas on the following days of the week. The registration deadline is Oct. 22.

## Lee Bennett Dies; Radio Announcer, Former Lincolnite

CHICAGO (U)—Lee Bennett, 43, National Broadcasting Company announcer, died Sunday after a prolonged illness. He was a native of Lincoln, Neb.

Bennett was a singer with Jan Garber's orchestra in the 1930s. Later he formed his own orchestra and toured the Midwest. He played in seven motion pictures filmed in Hollywood.

Following graduation from the University of Nebraska, he worked as announcer for KFAB in Lincoln. He joined the Chicago staff of NBC in 1953.

Bennett is survived by his wife, Susan, and a daughter, Jenna, 9. Services will be held Tuesday.

## Man Badly Burned As Gas Explodes

George Hansen, 30, of 1911 So. 34th, suffered first, second, and third degree burns on his hands and arms Sunday when a hot water heater exploded gasoline fumes in his home.

Firemen said that Hansen was cleaning parts of a washing machine with gasoline when the explosion occurred.

Hansen was reported in "good condition" at St. Elizabeth's Hospital early Monday morning. He is the services superintendent of State Farm Mutual in Lincoln.

## Chou Levels Charge

U.S. Is Accused Of Aggression On Formosa

TOKYO (Monday) (INS)—Communist China's Premier-Foreign Minister Chou En-lai today accused the U.S. of "armed aggression against China's territory of Taiwan" (Formosa).

The Peiping Radio said Chou cabled the charge to U.N. Secretary General Dag Hammarskjold.

In his note Chou complained that the Red regime in Peiping sent a similar note to the U.N. on Aug. 20, 1952 but said no action was taken because of what he called American obstruction.

As a result Chou charged that the "complaint of armed invasion of Taiwan" still remains unsettled on the agenda of the Security Council.

Chou claimed that Formosa was part of China as declared in the Cairo and Potsdam declarations. He said the U.S. signed these agreements recognizing Formosa "should be restored to China."

No Desire  
The Communist leader pointed out that on Jan. 5, 1950, former President Harry Truman issued a statement on Formosa in which he said the U.S. had no desire to establish bases on Formosa and that it was not taking a course that would lead to involvement in China's civil war.

Chou accused the U.S. of "stepping up armed aggression against Taiwan in all its forms" after the fighting in Korea and Indochina was brought to an end.

Chou said this is because the U.S. "ruling clique which is afraid of peace, has grown acutely uneasy over the gradual relaxation of international tension."

(A United States spokesman said the protest came "as no surprise" and called it "another effort to isolate the U. S. from its allies in Asia.")

## NU Given Study Grant Of \$90,000

Project To Probe Small Town Life

A University of Nebraska project to find out what makes small towns tick has been given the go-ahead through help of \$90,000 by the Carnegie Foundation of New York City.

The grant was made available to the University for a project called the Community Education Program.

Chancellor Clifford Hardin said the program likely will draw in different divisions of the University, but the chief responsibility will fall to the Teachers College. The college will work with the cooperation of the State Department of Education.

The purpose of the study program is to determine leadership qualities in small towns, where they are most easily studied, and transfer what is learned to educating students.

Second Aim  
A second aim of the study is to test the procedure of improving and coordinating community leadership, dedicated to work for a better community through the practices of education.

The program hopes through its study eventually to develop opportunities for training future leaders, especially in the field of school administration and teaching.

Chairman of the governing board of the special study program, which is expected to take two and a half years to complete, is Dean Frank Henzlik of the Teachers College at the University. Other board members include Dr. Frank Seegerman and F. B. Decker, chairman of the State Department of Education.

Family Leaves Flooded Home

Volunteer firemen remove family from its home which was flooded by two days rains which have caused many residents near Alsip, Ill. to evacuate homes in boats. Over seven inches of rain was recorded in most sections. Outlook is for two more rainy days. (UP Telephoto.)

## 69-Year Record Rains Flood, Cripple Chicago

... Damage Estimates Hit Millions

CHICAGO (INS)—The heaviest rainfall in 69 years swamped Chicago like an overflowing river Sunday night, flooding many sections, marooning hundreds of residents, stalling traffic and disrupting telephone service.

Early Sunday night the rainfall ranged from an official 5.46 inches at Municipal Airport to around six inches in some areas of the city.

The all-time record for 24 hours is 6.15 inches in 1885.

Hardest hit were the South and Southwest Sides of Chicago and the South suburban areas of Cook County.

Thousands of home owners reported their basements flooded and estimates of the damage ranged into the millions.

In the downtown area the Chicago River was reported seven and a half feet above normal and spilling over its banks.

The lower level of the Chicago's

new expressway (the Wacker Drive extension) was flooded and Union Station tracks alongside the river were under water.

Switches Under

The Union Station master reported Sunday night no trains were able to enter or leave the station. He said switches were under three feet of water and he refused even to guess when service would be restored.

Trains were being made up at stations on the outer fringe of the city.

Sections of Lakeshore Drive were flooded wheel deep, slowing the city's main flow of traffic to a crawl. Hundreds of autos were stalled by wet ignitions.

Some Loop-bound motorists from the North Side reported they were forced to drive on sidewalks because of the flooded streets.

An Army plane flying over the flooded communities of Blue Island, Alsip, Garden Homes and Merrionette Park on the Southwest Side reported some 200 persons were spotted wading in waist-high water or riding in Coast Guard boats to rescue stations. Others waited helplessly in stalled automobiles as the deluge continued.

32 Evacuated

The Coast Guard boats were trucked inland from lake-front stations to the suburban areas.

In Alsip 32 persons, eight of them children, were evacuated and given temporary shelter in a school house.

## Two Women, Boy Hurt In Collision

Two women and a boy, all of Cheyenne, Wyo., were injured in a two-car accident between 17th and 18th on O Sunday.

Ruth Wells, who suffers a lacerated left hip and a left knee abrasion, was reported in good condition in St. Elizabeth's Hospital early Monday morning.

Gary D'Spain, 14, suffered a lacerated left elbow and Mildred D'Spain, 36, suffered a knee abrasion. Both were treated and released.

'Run Riot'

He referred to Eisenhower's comment in a Denver speech Friday night that "a cold war of partisan politics" would run riot if Democrats recaptured control of Congress.

Mitchell said the Republicans have tried to persuade the President he must save them and "they have thrown him into a position of intense partisanship when he should be president of all the people."

Hall answered that the Republicans would not follow the tactics of President Truman in campaigning for Adlai Stevenson in 1948.

"Our President," Hall said, "realizes his position . . . and whatever he does will be in keeping with the dignity of his office."

The two appeared in a CBS telecast, the first of a series of four on successive weekends between now and the Nov. 2 election.

## Bowles Arrested For Conspiracy

Warrant Served At Site Of Mass Meet Set To Protest School Integration In Delaware

CROWD PROTESTS DELAY

MILFORD, Del. (AP)—The State of Delaware Sunday arrested Bryant Bowles, president of the National Assn. for the Advancement of White People, and charged him with conspiring to violate the state education law by leading a boycott of Milford's integrated high school.

After spending six hours at arraignment hearings in two counties and making numerous phone calls to raise \$5,000 bond in all, Bowles returned to a mass meeting at nearby Harrington Airport and declared:

"Let's don't say this is the bitter end. There will be no bitter end. We'll keep going until there's a sweet end."

Bowles was arrested at the airport early in the afternoon on a warrant issued by Atty. Gen. H. Albert Young at the direction of Gov. J. Caleb Boggs. He was taken by state police to Dover, the state capital, where he was arraigned and held on \$3,000 bond for further hearing Nov. 3.

Second Hearing

He was then taken to Milford for a second hearing in Sussex County on the same charges. This was done because the community of Milford and the Milford School District straddle the Kent-Sussex county line.

Under Delaware law a man must be prosecuted for a misdemeanor, such as the charges brought against Bowles, in the county where it is alleged to have been committed. As the boycott developed in both counties, trials must be held in each. The Nov. 3 hearing will be in Dover. The possible penalty would be a fine.

Flying in from Washington to speak at the scheduled afternoon mass meeting, Bowles was met by Maj. Frederick Lamb, of the Delaware State Police, who served the warrant for his arrest.

Waiting for Bowles, too, was a crowd, which grew noisy, and in some instances resentful, over the proceedings.

Reporters Cornered

A coterie of Bowles supporters cornered a Columbia Broadcasting System cameraman and an Associated Press Photographer, shouted epithets at them, demanded their film and negatives, exposed and otherwise, and also an explanation of their position.

The ringleaders told them to climb onto a truck platform and speak over the public address system. Both men refused, but the CBS man eventually intoned the Pledge of Allegiance to the Flag.

Walter E. Dombrow, the CBS man, said "They called out, 'Show us your side once in a while, you always show the worst side.' 'You're playing the Communist game,' and other 'things even less polite.' They ripped my shirt a bit, taking off a few buttons." He said he handed over two holders of unexposed film.

Boisterous

The AP photographer, Warren Winterbottom, of the Philadelphia Bureau, described the crowd as boisterous but not outright disorderly.

He said he and Dombrow were surrounded for about 20 minutes, but that he was not given rough physical treatment. He gave up only an empty photographic plateholder. He reported that he was able to take only shots of the crowd and of the serving of the warrant, before the crowd closed in.

Police and others estimated that about 6,000 persons in all, were at the Harrington Airport, with no more than 1,500 at any given time. They explained that there was a constant ebb and flow from noon on.

Bowles arrest was ordered by Gov. J. Caleb Boggs, who asserted "The State of Delaware recognizes the right of lawful assembly and freedom of speech but will not tolerate the inciting of organized mob rule and mass hysteria calculated to disrupt the education of our children."

The NAAWP moved into the Milford dispute at a Sunday meeting three weeks ago, similar to the one set for Sunday. That was Bowles' first public appearance in Delaware, one of the areas troubled in recent months by cleavage over the integration of Negro pupils into schools heretofore enrolling white pupils only.

Order Kept

The arrest of Bowles at first caused an uneasy stir among the people assembled at the airport. Soon shouts rose here and there, chiefly that of "Block the highways." But state troopers in uniform and in plainclothes, were on hand to keep order, and the highway leading to the airport was guarded by other police. The sentiments of the crowd, though boisterously expressed, therefore, led to no actual disorder.

## Mrs. Weston, 60 Years Old, Dies Of Polio

Mrs. Pearl F. Weston, 60, 340 So. 26th, hospitalized with polio for about 10 days, died Sunday.

She is the third Lincoln person to die of polio this year.

Mrs. Weston, a Lincoln resident since 1917, was a member of Grace Methodist Church.

Surviving are her daughters, Mrs. Dorothy Wheeler of Lincoln and Mrs. Frances Radin of Miami, Fla.; a son, Warren H. of Lincoln; five grandchildren; nine stepchildren; a sister, Mrs. Maude Reeves of Central City, and brothers, Earl and Saul McIlhargue, both of Central City.

Mrs. Weston

## Voters Mum On Their Preference

By ARCH DONOVAN  
Star Staff Writer

Politicians in general are listening in vain for rumors from the "grass roots" to tell them what the voters are thinking in regard to the general election three weeks hence.

All reports indicate that the voters are listening to the pleas for votes but are then noncommittal on how they will cast their ballots.

Some see in this dissatisfaction and an indication that a change will be demanded.

Others fear that the voters are apathetic and taking little interest in the outcome of the off-year balloting.

The tax station in the state, which played such a prominent part in the primary election, also

Other Speakers

that has outspoken support in behalf of any one plan.

While Republicans have had several cabinet members in the state and failed to evoke widespread enthusiasm, the Democrats are bringing in the first of their "big guns" this week.

Sen. Estes, Republican of Tennessee will make a farm speech in support of state candidates at the Livestock Exchange building in Omaha, Saturday night.

In Lincoln a testimonial dinner for Frank Morrison, M.C., Democratic candidate for congress, will be held Wednesday night at Corner Terrace Rep. Conley (Dem.) N. C. who was scheduled to speak had to cancel out because of his schedule.

# ACP Making 1955 Investment In Grasslands, New Cover Against Year 'Round Erosion

LINCOLN STAR FARM PAGE

## Removal Of 'Total Acres' Rule May Spark Varied Plantings

By JOHN SWANSON  
Star Farm Editor

The 1955 set of rules and regulations for that great investment organization, the Agricultural Conservation Program, has been made public.

By and large, the 1955 ACP program for Nebraska will look about the same to farmers and ranchers in the state as in previous programs. But there are some significant changes.

The ACP, which annually invests millions for returns of good water supplies and soil fertility—payable in future years, is buying stock in grassland and legumes this season. The 1955 program enables farmers and ranchers to take advantage of federal cost-sharing on both permanent cropland cover and on winter, summer and green manure cover crops.

### New Faces In The Lineup

The new faces in the lineup of rules in 1955 are the three latter types of cover. Helping out in the extension of this cover planting is the recently announced order by Secretary of Agriculture Benson in which "total farm acreage" planted could be exceeded next year by crops which are not basic commodities.

The winter cover crops provision was included to help establish additional acreages of winter vetch, rye, barley, oats, forage sorghums or mixture of the above to prevent erosion over winter months.

The purpose of the summer cover crop measure, of course, was to prevent erosion as well. But in this case, the seedings would have to be in the form of additional acreages of oats, barley, rye forage sorghums, annual legumes, biennial legumes or mixtures of the above. The green manure provision calls for plantings of biennial sweet clover or red clover for green manure and for protection from erosion.

Subject to Erosion

The winter cover provision applies to any cropland which is subject to late fall and winter erosion in 1955 or 1956 which would be adequately protected from erosion by the establishment of a winter cover crop. The program does not recommend using rye or vetch on land which will be planted to wheat the following year.

The summer cover crop ruling corresponds closely. It applies to any cropland which would be subject to summer erosion and which could be well protected by a cover planting. The green manure ruling applies to any cropland which will need a vegetable cover for green manure and for protection from erosion during 1955. Federal cost-sharing will be limited to acreages of biennial sweet clover or red clover seeded during 1955.

The payments will also be limited to the acreage which is in excess of the "normal acreage of all plantings of perennial grasses or legumes of such legumes with adapted grasses, for green manure, which shall not be less than the average of all such plantings for the last three years."

Requirements Similar

In all three cases, most requirements are the same. Pasturing consistent with good management may be permitted, but none of the growth may be harvested for hay or seed. For all three types of cover crop, a suitable seedbed will have to be prepared, with a minimum rate of seeding for rye, barley, oats and forage sorghums, except sudan grass, at a bushel to a bushel and a half per acre.

The minimum rate of seeding for vetch and sudan grass will have to be at a rate of 15 to 20 pounds per acre. In green manure crops, the minimum rate of seeding will have to be six to 10 pounds per acre.

On green manure crops, the maximum federal cost-sharing will be \$1.50 per acre for seeding of sweetclover, and \$2.25 per acre for red clover. The maximum federal cost-shares in summer cover will be \$1.50 per acre for seeding small grains, forage sorghums and sweet clover and \$2.25 per acre for seeding other legumes. Cost-sharing on winter cover is \$1.50 per acre for seeding rye, barley, oats and forage sorghums and \$2.25 for seeding vetch.

### Hurt In Fall

Marjorie Harding, 32, of 1145 G St. suffered a gash on the bridge of her nose when she fell, while walking north on the crosswalk between 11th and G. Police said she fell on the curb, got up and fell down again on her face. Several stitches were taken.

### It Happened In NEBRASKA...

The earliest "Nebraskans" known to the white man were the Pawnee Indians, believed to have lived here longer than any other tribe. They dwelt in houses made of earth and timber. First they built a framework over which they piled earth and brush. These were much like the early pioneer sod houses.

Far removed from these early dwellings, which were built of earth and timber, today's tavern operators in Nebraska are well-regulated business establishments, respectively.

## What Is ACP?

The Agricultural Conservation Program has become a lasting partner of the farmer, but one that is not always seen in clear focus.

It is often useful with long-established features of the farm program—which is what ACP has become—to see their true aims and purposes set forth in clear type and in few and simple words.

That is what Robert Zink, head of the conservation division of the Agricultural Stabilization and Conservation Committee's State office in Lincoln has done. In a statement released with the booklet of rules and regulations of the 1955 ACP last week, Zink wrote:

The primary objective of the program is the protection of the public interest in the nation's soil and water resources. It has one purpose only—to advance the overall conservation accomplishment of the nation.

How well it succeeds will depend almost completely on how well it is used by local groups and individual farmers to meet the community and individual farm conservation problems of soil and water conservation which farmers and ranchers otherwise would not solve in 1955.

Through it, the work of research, education and technical assistance in soil and water conservation can be extended and made more effective.

The following principles and standards of the program have been widely accepted by the leadership of most agencies and organizations—not for making "hand-outs" or "sharing the wealth" but to help in the protection of the public interest in the soil and water resources of the nation:

1. The county program should be confined to the conservation practices on which federal cost-sharing is most needed in order to achieve the maximum conservation benefit in the county.

2. The program should be designed to encourage those conservation practices which provide the most enduring conservation benefits practically attainable in 1955 on the lands where they are to be applied.

3. Costs will be shared with a farmer or rancher only on satisfactorily performed conservation practices for which federal cost-sharing was requested by the farmer or rancher before the conservation work was begun.

4. Costs should be shared only on practices which it is believed farmers would not carry out to the needed extent without program assistance.

5. The rates of cost-sharing in a county are to be the minimum required to result in substantially increased performance of needed practices.

6. The purpose of the program is to help achieve additional conservation on land now in agricultural production rather than to bring new land into agricultural production. Such of the available funds that cannot be wisely utilized for this purpose will be returned to the public treasury.

7. The farmers and ranchers should assume responsibility for the upkeep and maintenance of those practices on which the federal government shares in the cost of getting them established on the farm or ranch.

8. The program should be designed to encourage those conservation practices which provide the most enduring conservation benefits practically attainable in 1955 on the lands where they are to be applied.

9. The program should be designed to encourage those conservation practices which provide the most enduring conservation benefits practically attainable in 1955 on the lands where they are to be applied.

10. The program should be designed to encourage those conservation practices which provide the most enduring conservation benefits practically attainable in 1955 on the lands where they are to be applied.

11. The program should be designed to encourage those conservation practices which provide the most enduring conservation benefits practically attainable in 1955 on the lands where they are to be applied.

12. The program should be designed to encourage those conservation practices which provide the most enduring conservation benefits practically attainable in 1955 on the lands where they are to be applied.

13. The program should be designed to encourage those conservation practices which provide the most enduring conservation benefits practically attainable in 1955 on the lands where they are to be applied.

14. The program should be designed to encourage those conservation practices which provide the most enduring conservation benefits practically attainable in 1955 on the lands where they are to be applied.

15. The program should be designed to encourage those conservation practices which provide the most enduring conservation benefits practically attainable in 1955 on the lands where they are to be applied.

16. The program should be designed to encourage those conservation practices which provide the most enduring conservation benefits practically attainable in 1955 on the lands where they are to be applied.

# Kuhlmann Bull Tops Of Grasslands Show

NORTH PLATTE, Neb. (U)—Bulls of Orvil Kuhlmann of North Platte made a near sweep of honors Sunday afternoon in the second annual Grasslands Livestock Show.

Gold Co-Pilot, winner at the State Fair and again at a Hereford show in Valentine last week, was awarded the grand championship. A second Kuhlmann bull, Okay Gold Pilot the 5th, won the reserve championship.

Kuhlmann owned bulls also won

in the divisions for 2-year-old bulls, bulls over 2-years-old, summer yearlings, short yearlings and spring yearlings.

Keeping the North Platte entries from making a clean sweep of the top honors were bulls owned by the George Cumming and Sons Ranch, Amherst, Colo., first in calves under six months, and the Furman Hereford Ranch, Mars-

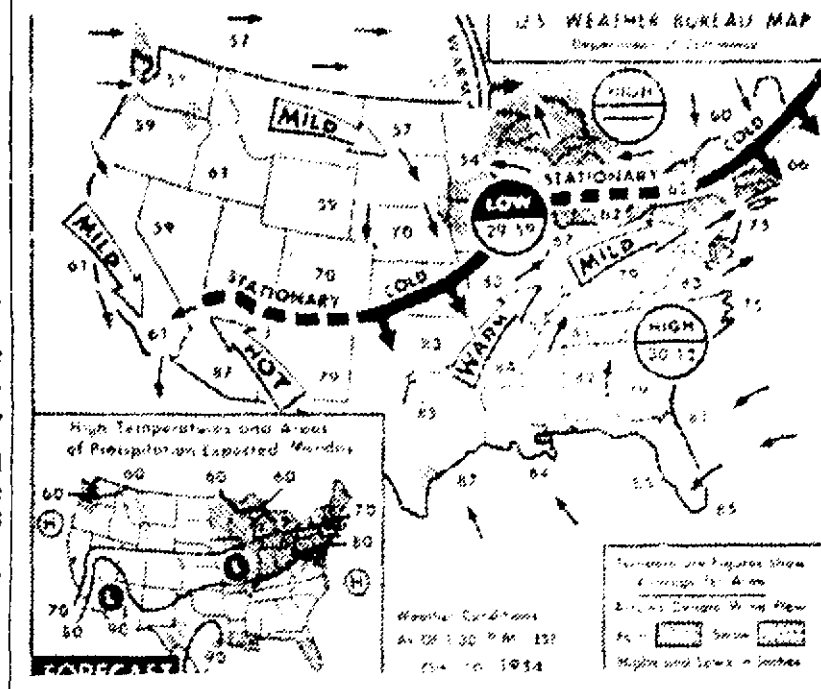

land, Neb., first in junior yearlings.

The judging of females in the show will get under way Monday. Frank Wilson of Brookville, Kan., is serving as show judge.

The annual banquet is scheduled for Monday night at which time trophies will be awarded to 13 champions of various divisions.

Kuhlman said Sunday his cattle would be taken to Portland, Ore., this week for the Pacific International Livestock Show.

Kuhlman, who shows his prize stock at livestock exhibitions throughout the western part of the United States, won particular honors at the 1954 Nebraska State Fair when he took top ribbon on Gold Co-Pilot. The animal, a polled Hereford, was the first of the hornless Herefords to win a national show.

## Fair To Partly Cloudy Skies

Most of the nation east of the Mississippi can expect continued warm temperatures Monday. The northeast and central Mississippi valley can expect considerable cloudiness with scattered showers. The Lakes states, the northern Rockies and the southern Plains and the Florida peninsula can expect showers also. Little temperature change is forecast for the western states where fair to partly cloudy skies are predicted. (AP Wirephoto Map.)

# Wet Fall? September Called Warm, Dry

In spite of what seems to be an unusually wet and cloudy fall, the Weather Bureau has announced that the month of September this year had more than the usual amount of sunshine.

In fact, the month was described as both warm and dry. Precipitation averaged about half of normal in the east to slightly above in the west. The heaviest precipitation was along the central and eastern portions of the South Dakota border. There, many stations received more than three inches of rain during the month.

The first five days of the month were very warm. Highest temperatures of the month occurred during the first four days at most points. The warmest day over the state was Sept. 11, when temperatures varied from 80 in

the north to 105 degrees at Alma and Hayes Center.

Showers fell over most of the eastern and central portions on the ninth and 15th days, and during the last part of the month in the west. Cold air spread over the state later in the month, bringing

killing frost to the northwestern area.

The last wave of cold air came on the last three days of the month. Low temperatures ranged from 24 degrees at Merriman to 42 at Harlan County Dam.

Only in the west was the frost

heavy enough to kill the stalks and shanks of corn.

The warm dry weather was very favorable for maturing late corn and grain sorghums. The bulk of these crops was well matured and ready for frost by the close of the month. The large crop of soybeans ripened satisfactorily. The frosts on Sept. 21 and 22 killed most vegetation in the northwest. Elsewhere damage was confined to tender vegetation on low ground.

A small amount of corn picking had been made by the end of the month.

## Conference Of Brethren Is Concluded

KEARNEY, Neb. (U)—The 10 Nebraska units of the Church of the Brethren wound up their district conference here Sunday afternoon.

The three-day conference had as its theme "seek first the Kingdom."

Dr. Paul M. Robinson, president of Bethany Biblical Seminary in Chicago, spoke at the morning services.

Heading the various divisions of a church school training program were Lila Siler, Lincoln, children's department; Dayton Rothrock, Gresham, junior high; Norman Long, McPherson, K. n., youth department, and William P. Albright, Carleton, adult.

Churches represented at the meeting were Holmesville, Enders, Beatrice, Kearney, Carleton, Omaha, Lincoln, South Loup, (Litchfield), Octavia and Afton.

## —Winged Victory— BEES TAKE OVER

Lincoln Star Special

ST. PAUL, Neb.—A farm couple near here, Mr. and Mrs. Raymond Edwards, are wrecking their home because bees have literally taken the house over.

They plan to build a new home on the same location, one which, they hope, will successfully withstand onslaughts of the nerve-fraying insects. The Edwards had been planning to rebuild their home at a future date but

an incident recently convinced them that the time for action had arrived.

The family was entertaining guests one evening when the bees decided to join the gathering. One bee stung Edwards so severely on the neck that he was knocked unconscious for several minutes and was made very ill. The evening was spent killing bees.

The bees have been occupying the farm house for seven years and have withstood every attempt to drive them out. The Edwards tried gassing them out, smoking them out and even poisoning them off. But nothing worked. Swarm after swarm of the insects arrived at the house with every intention of staying on.

So far, the house wreckers have not come to any hives inside the walls which contain honey.

Meanwhile, the Edwards have moved out of their old home, leaving the bees in full control. The Edwards are now living in the farm wash house.

## Arapahoe Voters Approve Hospital

ARAPAHOE, Neb. — The issuance of \$52,000 in bonds to pay for construction of a hospital here has been approved by local voters.

The vote was 311 for the issue and 178 against. A subscription campaign is being planned to raise additional funds. The total cost of the building is expected to reach \$100,000. No definite plans have been made so far concerning the type of building or where it will be located.

At the present time there is no physician in Arapahoe.

## Shrub (Chin Type) Champs Honored At Wilber Event

Lincoln Star Special

WILBER, Neb.—Neatly trimmed or otherwise, facial shrubbery grows in bumper crops in this part of the country.

One of the features of the gala celebration of the 50th anniversary of the Farmers Elevator Co. here was a local beard growing contest. The beards were classed in two divisions, trimmed and full.

The winners of the three top places in the trimmed division were Elmer Sasek, first; Jerry Hrdlicka, second, and Rudy Zajack, third. At Vost topped the full beard class, followed by Elvyn Bouska, second and Stanley Vlasak, third. Other events in the celebration included a parade, a free buffalo barbecue and free movies.

# \$125 ZENITH HEARING AID BETTER BUY THAN AIDS AVERAGING \$268!

SCIENTIFIC TESTS PROVE that the Zenith—priced at less than 1/2 as much—offers equivalent performance for 1/2 the average operating and upkeep cost!

United States Testing Company, Inc.  
(America's foremost private, independent testing laboratory)  
Reveals Significant Facts About Hearing Aid Quality and Prices!

ZENITH "ROYAL-T"	BRAND "A"	BRAND "B"	BRAND "C"	BRAND "D"	BRAND "E"
\$125.00	\$268.00	\$268.00	\$268.00	\$268.00	\$268.00

average price of these other five makes. Individual prices range from \$229.50 to \$295.00!

Zenith has always said you can pay up to \$300 or more, but you can't buy a finer hearing aid than a Zenith. To support this statement, Zenith requested the United States Testing Company to purchase on the open market two Zenith Hearing Aids and two of each of America's five foremost competitive brands of transistor hearing aids, and to test them thoroughly.

Each of the instruments was subjected to a series of rigorous tests for quality, performance and economy. The results, contained in Report No. E-9158, dated September 13, 1954, tell us:

1. Despite the huge difference in price, U. S. Testing Company reported, "The Zenith 'Royal-T' was equal to the other 5 brands in design, choice of materials and components, and in workmanship."
2. Here's how Zenith compared with the average of the other five brands in bringing you a full measure of acoustic power performance:

Acoustic output

ZENITH	135.5 db
OTHERS	132 db

Maximum acoustic gain

ZENITH	64 db
OTHERS	60.8 db

Earphone acoustic output

ZENITH	73 db
OTHERS	131.7 db

3. The 3-transistor Zenith "Royal-T" cost \$18.93 less to operate per year than the average of the other aids tested.

4. The Zenith "Royal-T" registered less objectionable noise due to clothing rub than any of the other five brands.

5. Based on a five-year overall cost projection—including initial price, battery replacements, etc.—the \$125 Zenith "Royal-T" will serve you for substantially less than 1/2 the cost of the average competitive aid.

You can try the "Royal-T" at home, work, church, theatre, anywhere, on Zenith's famous 10-Day Money-Back Guarantee. One tiny 1 1/2 battery operates the "Royal-T" for 30 days.

And here's important news! Zenith has recently introduced the smallest, lightest hearing aid in its history—the tiny, tubeless, 3-transistor "Royal-M." Only \$100! Same power and performance as the "Royal-T." Prices include air conduction receiver and stock earmold.

For a free demonstration, see your nearest Zenith Hearing Aid Dealer. He is listed in the classified phone directories. Or write for free literature and local dealer list: Zenith Radio Corporation, Dept. KX-5801 Dickens, Chicago 39, Ill.

# Loup Basin Farmers Advised To Irrigate

SARGENT, Neb.—Irrigation farmers of the Loup Basin area will find it profitable to apply irrigation water to all legume and stubble fields within the next few days, according to John Decker, district irrigation engineer at Sargent.

Farmers receiving water from the canal system will find competition for water much less at this time than during the peak of the irrigation period, he said.

Pump irrigation operators who use this period to properly soak fields for fall and winter moisture storage may save a corn crop next year if the weather conditions are unusually dry during the early part of the summer.

Water pumped during the next

few days will prove to be the cheapest applied for the season since about one-half the cost of pump irrigation is represented by fixed cost. These costs include interest on investment, taxes and depreciation on well, pump, and the power unit. These costs must be paid even when the irrigation

system is idle, Decker points out. Conversely, the greater the number of hours the well is used during the year the cheaper water costs become per unit of water pumped.

If water supply is limited, fall and winter storage may be the answer, Decker concludes.

# 'I'm Just A Country Doctor' Protests Fail To Stop 2,000 From Giving A Big 'Thanks'

Lincoln Star Special

HAMPTON, Neb. — Despite his protests that "I'm just a country doctor, I'm no big shot," some 2,000 residents of Hampton and the surrounding area turned out Sunday to say "thank you" to Dr. O. M. Troester for his 35 years of service.

DR. TROESTER

The doctor was presented with \$1,400 and a leather bound book of congratulatory letters at the open house held at the Hampton Auditorium. He also was commissioned an admiral in the Nebraska Navy with E. C. Bute, deputy state auditor, making the presentation.

Frank Mueller of Sioux Falls, S. D., district manager of the U. S. Chamber of Commerce northwest division, acted as master of ceremonies. A biographical sketch, written by Mrs. Sam Wall of Hampton, formed the basis of the program.

"Strictly a hometown product," Dr. Troester was born near Hampton and attended Seward and Lincoln high schools. He graduated in 1918 from the Lincoln Medical College, and returned to Hampton to begin his practice. The doctor also attended a divinity school in Springfield, Ill., before beginning his medical training.

Dr. Troester has delivered

more than 1,000 babies in homes during his career. The majority of the "Troester babies" were present at the Sunday open house. Although he has cut down his work, Dr. Troester has no plans for retirement.

Dr. and Mrs. Troester have three children — Dr. Otto S. Troester of Oklahoma City, Okla.; James, a University of Nebraska student; and Michael, 16, a junior in high school.

## State Briefs: Farmer-Merchant Banquet Oct. 25

SUPERIOR—The annual farmers-merchants banquet sponsored by the Superior Chamber of Commerce will be held Monday evening, Oct. 25, at the city auditorium. H. J. Gramlich, agriculturist for the Northwestern Railroad, will speak and there will be a vaudeville act.

with officials and ministers of the Nebraska City Presbytery taking part.

STANTON—The new addition to St. John's Lutheran School here was dedicated at a Sunday morning church service. The addition, of brick and frame construction, cost about \$15,000. The Rev. L. F. Groth is superintendent of the school, Harold Fuhrmann is principal and Loma Herrmann is instructor for the lower grades.

CRETE — Chancellor Clifford M. Hardin of the University of Nebraska will speak at the annual farmers-merchants banquet here Monday evening, Oct. 18. Bill Sunday, Chamber of Commerce secretary said.

AURORA — The Evangelical Mission Covenant Church will observe its 50th anniversary this week. There will be church services Wednesday and Thursday evenings, an anniversary banquet Friday evening and a Swedish service Saturday afternoon. Dr. Theodore W. Anderson, president of the Evangelical Mission Covenant Church of America, will speak at a Sunday morning service. There will be a confirmation reunion Sunday afternoon and a service in the evening.

STANTON — Mayor H. S. Tennant threw the switch which put into service a new street lighting system replacing the one which had been used nearly 20 years. A concert by the High school band preceded the dedication ceremonies. On the speakers platform with Mayor Tennant were Weir

O'NEILL — Fire completely destroyed a large hay barn and about 50 tons of hay at a farm owned by Charles Fox about half a mile east of Emmet. Cause of the fire was not determined.

FAIRBURY—The Rev. Robert W. Jones, new pastor of the Fairbury Presbyterian Church, will preach his first sermon here next Sunday. An installation service will be held the following Tuesday

We retired on a comfortable income— thanks to our **GUARANTEE**

My only big worry these days is whether or not the fish are biting. It's been that way for three years now — ever since I quit work and my Guarantee went to work for me.

Jane and I started thinking about retirement 18 years ago. I never made a big salary, but we figured we should put what we could save in a plan that paid us back in future enjoyment.

The Man With The Guarantee showed us how we could retire in 15 years with a comfortable income. We found it easy to save, when your goal is a guarantee of lifetime security. All I need now is a fishing partner.

Make plans now so that you can be taking it easy in a few years. Start your retirement plan today.

See The Man With The Guarantee in your area, or fill in the coupon below.

# With Stones And Clay They Learned The Way

If you ever have tried to cook a picnic meal over an open fire and discovered you had left most of your necessary modern kitchen equipment at home, then you will know the feelings experienced by Mrs. Elmer Yost of Milford and Mrs. John R. Scott of Lincoln last week as they attended a special course in emergency cooking for mobs of people, held at Ft. Riley, Kan.

Chairman for the Lancaster County Extension Club Council. Housed in former WAC barracks at Ft. Riley, the women were instructed by the 5th Army area food service instructors who led the group to a field of rubble — and mud — and taught them how to make ovens from mud and bricks, how to cut and form plates and utensils from tin

shirts, and with their manicures utterly ruined, the women civil defense leaders managed to cook full course meals — not army "stew" — with their primitive equipment. A typical menu included roast beef, mashed potatoes, gravy, corn and beans, yeast rolls, cherry cobbler, coffee, tea and even salad complete with dressing.

In the pictures above are Mrs. Scott and Mrs. Yost learning to build a field oven from rubble and scrap metal. At left, they are assisted by other students (from left to right) Lloyd Cordes, a member of the Jefferson City, Mo., police department; Mrs. Scott; Herbert C. Mosher of Denver, Colo., regional welfare officer for civil defense; and Mrs. Yost.

## AROUND TOWN

ANOTHER football week-end has gone where all good football week-ends go — and giving the schedule a look-see we find there are three more home games which may not be any more exciting than those away from home as far as the game itself is concerned, but definitely the home stadium gives the town's activities a flavor that others do not.

THIS morning we're adding to the game week-end guest list — There were Col. and Mrs. Remy Clem, for instance, who came from Salina, Kan., where Col. Clem heads St. John's Military Academy, to be the house

guests of Mr. and Mrs. Walton C. Ferris. Another game week-end guest at the home of Mr. and Mrs. Ferris was Mrs. Ferris's cousin, Dr. Winfred Hall of Elsinore, Calif.

AND there was considerable festivity at the home of Mr. and Mrs. Fenton B. Fleming the past week-end — In addition to Mr. and Mrs. Fleming's house guests, Mr. and Mrs. R. O. Kindy of San Diego, Calif., the Flemings also had game guests — Mr. and Mrs. Abbott Everett of Clay Center, and Mr. and Mrs. Harmie Torbaugh of De-weese.

## NEW IN TOWN

Although the weather has been dull and dismal, our newcomers to Lincoln are enough to brighten any gloomy day. Today, we plan to welcome some more Lincoln Air Base personnel and their families who have come from all parts of the United States and from countries overseas. We're happy to claim them as new Lincoln residents.

**The Hecker family—Lt. and Mrs. George—young Scott Hecker and the very small Shirley Susan, now are calling 4125 Dunn St. home—their first in the past 11 months. Lt. Hecker had duty in Japan during those long months, and Mrs. Hecker and the children were with the lieutenant's family in Arkansas during his absence.**

**Wedding On Sunday**  
Rev. C. E. McKim. Miss Janice Ivey and Miss Bonnie Thatcher of Raymond, cousins of the bride, lighted the candles as Miss Regina Brandorff sang, "Ave Maria" and "Because." She was accompanied by Mrs. C. E. McKim, who also played the organ.

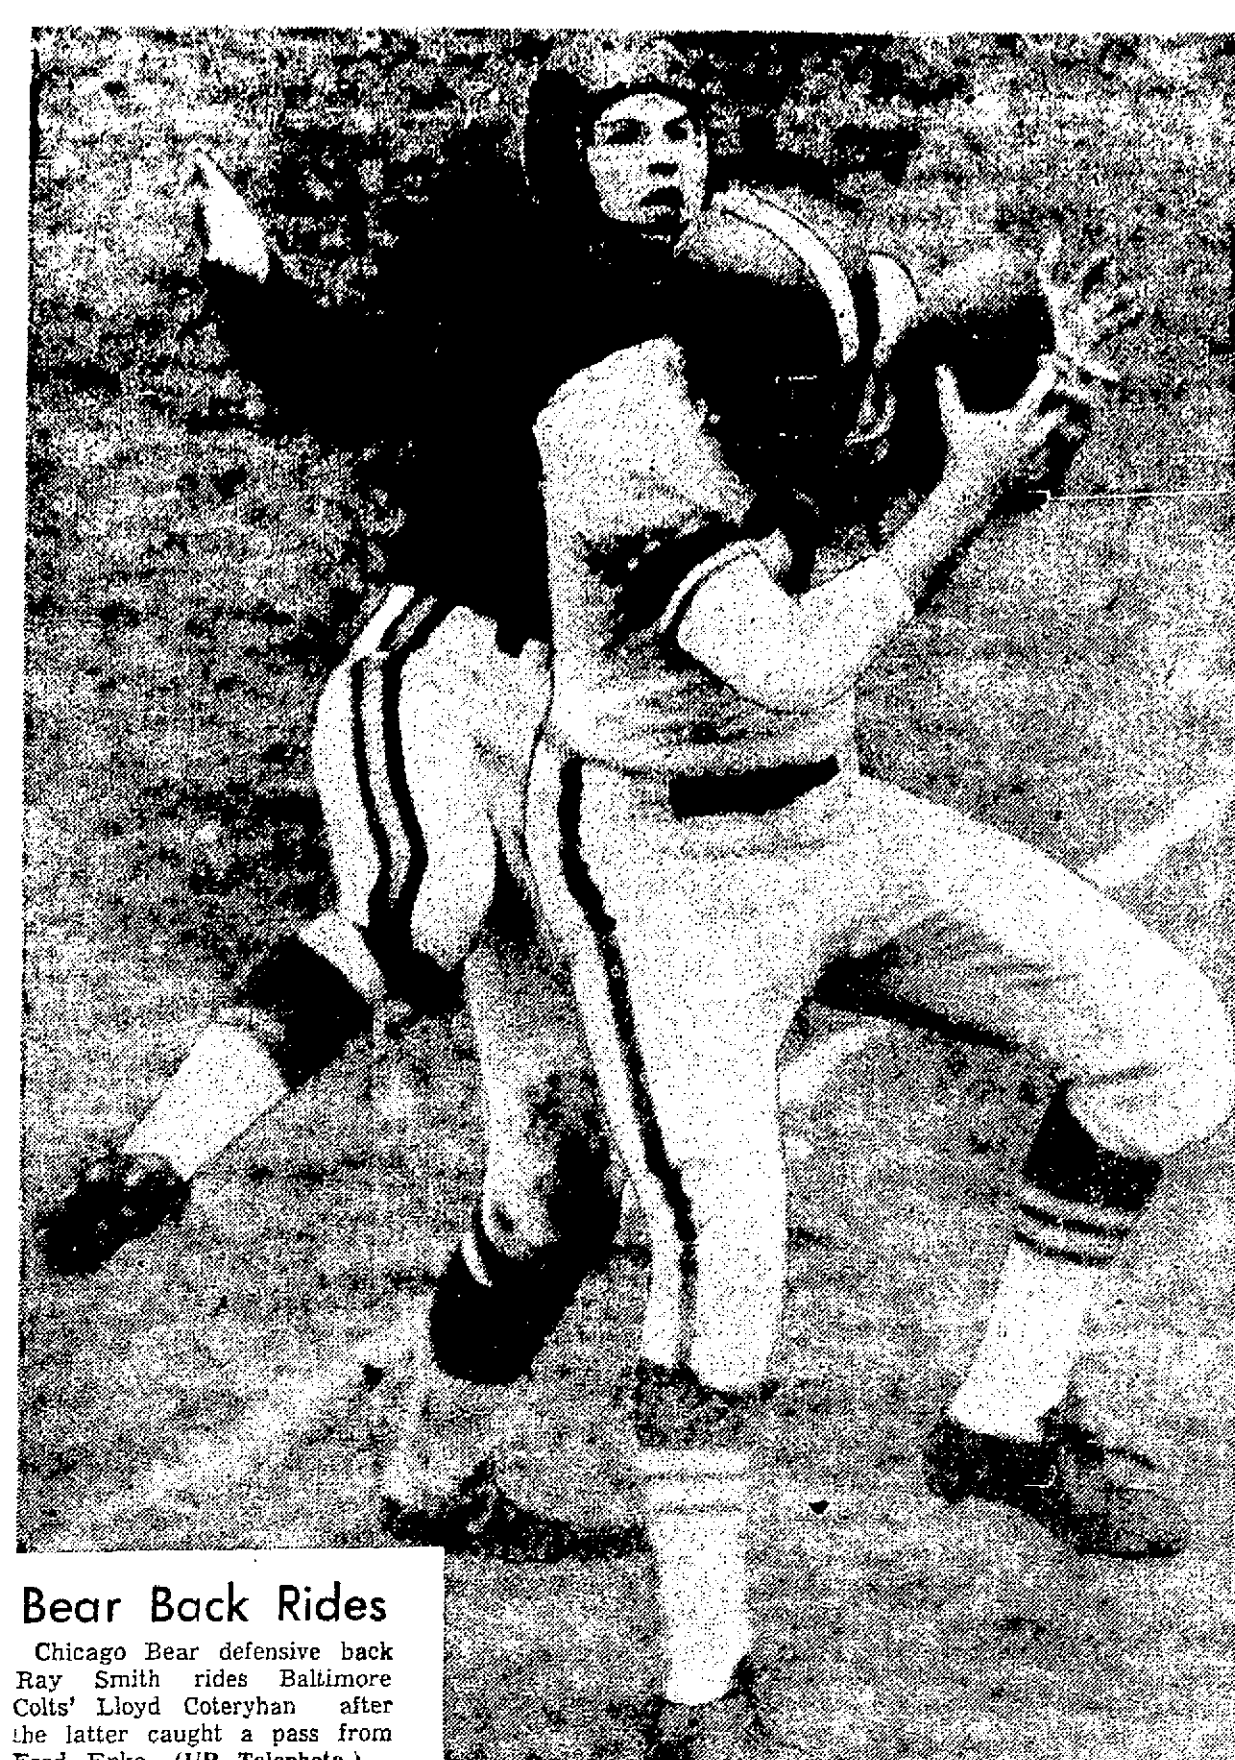

**MRS. ALVOID BLACKETER**  
At a late afternoon ceremony on Sunday, Oct. 10, Miss Margaret Jane Meyer, daughter of Mr. and Mrs. C. H. Meyer, became the bride of Alvoid L. Blacketer, son of Mr. and Mrs. Earl L. Blacketer. White cardials burning in seven-branched candelabra and pedestal arrangements of white and pink chrysanthemums and gladioli appointed the chancel of the Tabernacle Christian Church for the service, which was read by the

game Sunday before 56,523 fans in Briggs Stadium.

Strong after a 13-day rest, the Lions held Los Angeles to a mere 61 yards rushing and, more important, kept Ram quarterback Norman Van Brocklin from pitching any touchdown strikes.

It was the first time since 1949 that the Rams were held without a touchdown — a span of 67 games.

The Rams' lone score resulted on a 31-yard field goal by Les Richter, who later missed two other field goal attempts.

The Lions scored on an 83-yard

**POINT BLANK**  
By Don Bryant  
Sports Editor, The Star

Frankly, we are disappointed in Nebraska's showing Saturday.

Losing to Kansas State two years in a row is a hard pill to swallow. We're not taking anything away from Bill Meek's football team, not at all. The Wildcats won, but we think the Huskers are a much better ball club than they proved Saturday—or they should be.

With Nebraska trying to make a gridiron revival, we are not going to jump on Coach Bill Glassford just because of the Kansas State loss, hard as it was to take. Our job is to be fair to Glassford and fair to the fans.

But we do have some observations about the Kansas State game and here they are for what they are worth:

Fumbling—Glassford cannot carry the football. The Huskers worked all week on handoffs and pitchouts, yet in the ball game they couldn't find the handle. Earnest effort on the part of the coaches and the players can correct this trouble and we hope it is done quickly. You can expect fumbles on the Split-T, but a team must be able to bounce back and regain the initiative.

Quarterbacking—It looks to us that Don Erway is the most capable quarterback in the Husker camp. Bid taking and ball handling, as well as his generalship have appeared outstanding for a sophomore.

Substitution—Glassford is responsible for this phase of the game and we respect his right to act as he thinks best. But we felt Saturday that he pulled a boner in jerking the second unit at the four-minute mark in the second quarter. True, the first team got to the six, but then, after power plays had been working well, they tried a pitchout and became thoroughly disorganized. Nebraska got a field goal, but they might have gotten a touchdown.

The second team was rolling good and when you get a team moving, why not stick with it until it stops? Nothing takes the fun out of football for a bunch of players more than to drive deep into scoring territory and then be jerked out so another bunch can try to score.

Judging from the rash of phone calls we've been getting, the fans were with the second team and that substitution for three points has caused a lot of ill feeling.

It the first team could have scored, the matter might have been passed over, but we would still have been disappointed because the No. 2 unit didn't get to try it. It is just natural for the fans' sympathies to be with the second unit, cricket or not. As it turned out the first team couldn't score, so the normal reaction is that the second unit could have—since they were working smoothly and the first group had looked ragged (to say the least) during its earlier turn.

We'll have to admit that we would have liked to see the second unit play out the half, if only for the experience. And Pev Evans is a tackle on the second unit, so he could have kicked a field goal with his mates, too, if they couldn't have made the TD.

But the Kansas State game is over and Oregon State is next. We'd hate to see anybody give up on the Huskers yet. They can play good football and the lessons learned in the Wildcat game may be of great value during the remainder of the season.

We hope so.

K-State Coach Bill Meek who says "this is the first year we've had 200-pound tackles" gives this commentary on tackles: "The ideal tackle, I think, is one who weighs about 210 and can move. I don't think huge size is necessary in a tackle, but of course, a good big tackle is better than a good little tackle."

Makes pretty good sense at that, Bill.

We'd say fans who miss seeing Lincoln High's grid team in action this fall will be missing a great exhibition of prep football. Bill Pfeiff has a mighty fine group. And by the way, there were quite a few empty seats last Friday against Scottsbluff.

Bill Bogar, LHS principal, a top-notch football fan and a real student of the game, always wears a red shirt and a black tie to the Links' games.

Don't be surprised if Bill Glassford has a "Captains' Revolt" on his hands.

After the honor accorded Bob Wagner by Miss Miami Beach prior to the K-State game, the captains for the remaining games will be a bit hard to satisfy with only 15 runs from the pep squad.

# Prep Leaders Unchanged

## Gothenburg Shaken By Cozad In Class B Tilt

By BILL FITZGERALD  
Star Sports Staff Member

Lincoln High and Geneva played football in their expected powerful fashion last week and today stay atop their respective classes in The Star's Nebraska prep ratings.

The Swedes of Gothenburg High, Class B leaders in recent ratings, almost went under against their traditional rival from Cozad and today hold a shaky position in front of an excellent and explosive parade of football teams.

The Class B field contains about 20 good squads. Gothenburg is undefeated as are six others, two of them out of the Top Ten because of weak schedules.

The Swedes have defeated Central City, Holdrege, Minden, Lexington and Cozad, each a pretty fair team. The Cozad score, was 6-0.

Seward and Wahoo, two eastern teams which tied in the season opener, continue to split second while York holds fourth.

Seward knocked David City out of the rankings on a 19-0 decision. The Scouts are rated as a good team but they have been dropped because of the pressure from the rear.

Wahoo beat undefeated Blair, 7-6. York crushed Aurora in a routine game, 31-0.

Omaha Holy Name was terrific against Lincoln Cathedral in a 20-0 win. The Ramblers are fifth. They were seventh last week.

Tecumseh is sixth after a fine 19-0 victory over College View. The Indians can carry any Class B team to the wire.

Blair is seventh, Columbus St. Bonaventure eighth, Holdrege ninth and Ord and Mitchell tenth.

St. Bon's beat Omaha St. Joseph 25-13 while Holdrege clipped a tough Curtis team 7-0. Ord, loser only in the opener against Holdrege by 6-0, pounded a dangerous Fullerton team by 27-12.

Ralston and Tekamah are undefeated Class B teams which are hurt by weak schedules. Ralston has won four straight while Tekamah has a 5-0 record, mostly against Class C schools although the Tigers are said to have their best team in many years under a new coach, Darrell Mudra, the former Peru State halfback.

Other Class B teams which are playing sound ball are Central City, Lincoln Cathedral, Fullerton, David City, Curtis, Chadron, Crawford, Gering, Hebron, Minden, Ogallala and Auburn.

Coach Bill Pfeiff's Links stay ahead of the Class A teams after an easy 40-6 win over Scottsbluff. Creighton Prep stays in second but had some trouble against North High, a traditional rival which was high for the game. The score was 19-6.

Omaha Benson clouted a strong Abraham Lincoln team from Council Bluffs and pushes both Prep and the Links.

Omaha Tech had a breather at Thomas Jefferson and steps up to fourth following North Platte's loss to McCook. North Platte was fourth last week.

Undefeated Falls City gains a step to fifth. The Tigers blanked weak Plattsmouth 25-0. Beatrice is sixth after a 13-7 victory over rated Nebraska City in one of the best games of the week.

Omaha North takes seventh on the basis of the Prep game while North Platte is eighth. Hastings, conqueror of Northeast, replaces the Rockets and is ninth.

McCook, coming along well now, is tenth. Grand Island falls because of the lack of a victory over a strong team. Northeast slips because of only one victory over a large club, that being G. I.

Geneva took Friend in stride, 20-0.

Undefeated Falls City gains a step to fifth. The Tigers blanked weak Plattsmouth 25-0. Beatrice is sixth after a 13-7 victory over rated Nebraska City in one of the best games of the week.

## Oregon State Is Next Nebraska Foe

PEV EVANS

By DON BRYANT  
Sports Editor, The Star

Nebraska, still smarting from a humiliating defeat at the hands of the Kansas State Wildcats, takes a breather from Big Seven play this week.

Playing at home for the third straight week, the Huskers will entertain the Oregon State Beavers from Corvallis. The Beavers will enter the game with the same record as the Cornhuskers, one win and two losses.

Nebraska has beaten Iowa State, while falling to Minnesota and Kansas State and Oregon has beaten only Idaho, while dropping tilts to Washington and Washington State.

As for the Kansas State game, neither team offered much to cheer about as the Cornhuskers fell 7-3.

Offense was seldom seen and defense was the order of the day. Nebraska's defensive work was commendable — the Wildcats were held to 144 yards — but on the other hand, either Nebraska's offense was terrible or Kansas State's defense was commendable too. For the Huskers made only 146 yards.

Fumbles were frequent and Nebraska couldn't seem to move the ball at all, except in the second quarter when the second unit drove to the KS 19, first and 10, only to be removed in favor of the first unit.

What might have been, became a field goal as Pev Evans booted a floater through the posts as the half ended. K-State's touchdown came late in the fourth quarter on a plunge by Corky Taylor.

Aside from poor timing, bad ball handling and sloppy block lug, one of the most startling aspects of the game was the fact that Nebraska threw five passes.

No injuries were recorded in the Husker camp so the Oregon State game should see all hands ready for action.

Nebraska's defensive work was commendable — the Wildcats were held to 144 yards — but on the other hand, either Nebraska's offense was terrible or Kansas State's defense was commendable too. For the Huskers made only 146 yards.

### Injured Tittle Peps Forty-Niner Rally

MILWAUKEE — Quarterback Y. A. Tittle, his broken left hand encased in a special cast, went into the game in the fourth period Sunday and led the San Francisco 49ers in a two-touchdown rally that beat the Green Bay Packers, 23-17.

Green Bay had a 17-10 lead on the strength of two touchdowns passes by Tobin Rote — to ex-Kansas State star Veryl Switzer for five yards and to Max McGee for 18.

Tittle went to work with a will. He needed only 11 plays to move the 49ers 71 yards for a touchdown. Joe Perry crossed the goal on an eight-yard slash through the middle. Gordon Soltau's attempted conversion hit the upright, and Green Bay still led, 17-16.

Tittle again came through. A 53-yard pass to Hugh McElhenny moved the 49ers to Green Bay's 16. Five plays carried to the two, from where Tittle scored on a keeper.

San Francisco 49ers 23-17 Green Bay Packers.

San Francisco scoring: Touchdowns: McElhenny, Perry, Tittle. Conversions: Soltau. Field goals: Soltau.

Green Bay scoring: Touchdowns: Switzer, McGee. Conversions: Cone. Field goals: Cone.

### League's Best: SAY-HEY, JOHNNY-A

ST. LOUIS — The Sporting News Sunday named batting champion Willie Mays and pitcher Johnny Antonelli, who led the New York Giants to the pennant and world championship, as the No. 1 player of the year and No. 1 pitcher in the National League.

Second baseman Bobby Avila, the other batting champ, and 23-game winner Bob Lemon, both of the league champion Cleveland Indians, won the No. 1 honors in the American League.

Mays, Antonelli and Lemon won by overwhelming margins, but Avila wasn't far in front of Yogi Berra, New York Yankee catcher, and Larry Doby, Cleveland center fielder.

Ted Kluszewski, Cincinnati Redlegs slugger, was runner-up to Mays. Robin Roberts of the Philadelphia Phillies was a distant second to Antonelli in the poll of managers, umpires and writers. Team-mate Early Wynn took second behind Lemon.

Mays, the amazing outfielder who returned from the service, and Antonelli, obtained in a trade with the Milwaukee Braves, were the biggest reason the Giants jumped from fifth place in 1953 to a World Series crown.

## POINT BLANK

By Don Bryant  
Sports Editor, The Star

Frankly, we are disappointed in Nebraska's showing Saturday.

Losing to Kansas State two years in a row is a hard pill to swallow. We're not taking anything away from Bill Meek's football team, not at all. The Wildcats won, but we think the Huskers are a much better ball club than they proved Saturday—or they should be.

With Nebraska trying to make a gridiron revival, we are not going to jump on Coach Bill Glassford just because of the Kansas State loss, hard as it was to take. Our job is to be fair to Glassford and fair to the fans.

But we do have some observations about the Kansas State game and here they are for what they are worth:

Fumbling—Glassford cannot carry the football. The Huskers worked all week on handoffs and pitchouts, yet in the ball game they couldn't find the handle. Earnest effort on the part of the coaches and the players can correct this trouble and we hope it is done quickly. You can expect fumbles on the Split-T, but a team must be able to bounce back and regain the initiative.

Quarterbacking—It looks to us that Don Erway is the most capable quarterback in the Husker camp. Bid taking and ball handling, as well as his generalship have appeared outstanding for a sophomore.

Substitution—Glassford is responsible for this phase of the game and we respect his right to act as he thinks best. But we felt Saturday that he pulled a boner in jerking the second unit at the four-minute mark in the second quarter. True, the first team got to the six, but then, after power plays had been working well, they tried a pitchout and became thoroughly disorganized. Nebraska got a field goal, but they might have gotten a touchdown.

The second team was rolling good and when you get a team moving, why not stick with it until it stops? Nothing takes the fun out of football for a bunch of players more than to drive deep into scoring territory and then be jerked out so another bunch can try to score.

Judging from the rash of phone calls we've been getting, the fans were with the second team and that substitution for three points has caused a lot of ill feeling.

It the first team could have scored, the matter might have been passed over, but we would still have been disappointed because the No. 2 unit didn't get to try it. It is just natural for the fans' sympathies to be with the second unit, cricket or not. As it turned out the first team couldn't score, so the normal reaction is that the second unit could have—since they were working smoothly and the first group had looked ragged (to say the least) during its earlier turn.

We'll have to admit that we would have liked to see the second unit play out the half, if only for the experience. And Pev Evans is a tackle on the second unit, so he could have kicked a field goal with his mates, too, if they couldn't have made the TD.

But the Kansas State game is over and Oregon State is next. We'd hate to see anybody give up on the Huskers yet. They can play good football and the lessons learned in the Wildcat game may be of great value during the remainder of the season.

We hope so.

K-State Coach Bill Meek who says "this is the first year we've had 200-pound tackles" gives this commentary on tackles: "The ideal tackle, I think, is one who weighs about 210 and can move. I don't think huge size is necessary in a tackle, but of course, a good big tackle is better than a good little tackle."

Makes pretty good sense at that, Bill.

We'd say fans who miss seeing Lincoln High's grid team in action this fall will be missing a great exhibition of prep football. Bill Pfeiff has a mighty fine group. And by the way, there were quite a few empty seats last Friday against Scottsbluff.

Bill Bogar, LHS principal, a top-notch football fan and a real student of the game, always wears a red shirt and a black tie to the Links' games.

## Yearling Fullback Aids Browns Win

CLEVELAND — The Cleveland Browns patched their pass protection pocket with a rookie fullback Sunday, and it paid off with a 31-7 victory over the Chicago Cardinals in a rain-swept National Football League game before 24,101 in the lakefront stadium.

Maurice Bassett, 6-foot-1, 230-pound first-year man who played only one year of college ball before going into the Navy, plugged the hole through which opposing linemen have been pouring in on Brown passers and gave Otto Graham a chance for one of his finest performances.

Graham played only a little more than half the game but completed his first 10 passes in a row, three for touchdowns, and a first-half total yardage of 228.

Cleveland scoring: Touchdowns, Brown 2, Renfro, Bassett. Conversions, Groza 4. Field goal, Groza.

Chicago Bears defeated Baltimore Colts, 28-9.

CHICAGO — The Chicago Bears turned a blocked punt and an intercepted pass into touchdowns Sunday to defeat the Baltimore Colts 28-9 in a game that ended in a drenching downpour.

Continuous rain during the day kept the crowd down to 27,845 and the deluge in the final period flooded the field in a matter of minutes.

Baltimore scoring: Touchdowns, Schell 2, Johnson, MacAfee, Wilkins. Conversions, Acquin 3. Field goal, Acquin 3.

Chicago scoring: Touchdowns, Hill, Whitman, Weatherly, Dooley. Conversions, Blenda 4.

Washington Redskins 51-21 New York Giants.

WASHINGTON — The aerial team of Chuck Conerly and Bob Schnelker drove the Washington Redskins crazy Sunday as the New York Giants rode to an overwhelming 51-21 victory over the bedazzled home forces.

Washington scoring: Touchdowns, Schnelker 3, Johnson, MacAfee, Wilkins. Conversions, Acquin 3. Field goal, Acquin 3.

Washington scoring: Touchdowns, Wells, Barker 2. Conversions, Felton 2.

Texas has high hopes for sophomore Dan Maroney, a fullback.

# Minority Party Record Shows Demo Fitness—Adlai

## Democratic House Win Is Predicted

PHOENIX, Ariz. (AP)—Adlai Stevenson said Sunday the Democratic record as a minority party "demonstrates its fitness to govern again."

He addressed a \$10 a plate fund raising dinner attended by 350 Arizona Democrats.

"In addition to casting a critical eye upon the Republican party, the voters should examine the record of the Democratic party as the minority in Congress," the Democratic 1952 presidential nominee said.

"The Democrats not only talked sense but made sense. Especially is their record impressive in comparison to the Republicans as a minority."

"Novelty" "We have seen the rapier replace the meat ax," Stevenson said in referring to the Democratic party's conduct. "We have seen the stop-and-go sign replace the roadblock."

"In the past two years we have witnessed a refreshing novelty. We have seen Democrats defending the President against his own party when they thought he was right."

Stevenson cited congressional reaction to the Bricker amendment, saying, "Democrats joined with sensible Republicans to turn back this proposed separation of powers."

He said the Democrats "took the lead in exposing deficiencies of the 'new look' in the defense program," and "fought staunchly and in most parts successfully to take the monopoly aspects out of the Atomic Energy Act revision."

He predicted the Democrats would win control of the House of Representatives by a "substantial majority."

He did not refer to his party's chances in the Senate.

## More Support

WASHINGTON (AP)—Sen. Mike Mansfield (D-Mont) said Sunday that President Eisenhower will get more, not less, support if the Democrats gain control of the next Congress.

Speaking on a television program (Youth Wants to Know, NBC) Mansfield said the Democrats in the 83rd Congress lent a "preponderance of support" to most of the President's program.

## Yankee Hill Holds Open House

Among the many visitors at the new Yankee Hill Elementary School open house Sunday were (left to right) Mrs. Marietta Stanley and her son, Robert Allen, 7; Mrs. Don Lauterbach;

Brent Braun, 10, son of Mr. and Mrs. Theodore Braun; and Kenneth Lee Lauterbach, 17 months, son of Mr. and Mrs. Don Lauterbach. The \$92,000, five-room rural school was completed in

August and opened its doors in September. The Yankee Hill PTA, of which Mrs. Stanley is secretary, served refreshments during the open house. (Star Photo.)

## O'Dwyer Enroute

MEXICO CITY (INS)—Former U.S. Ambassador William O'Dwyer left for Tijuana Sunday enroute to Los Angeles to testify in a Congressional probe of Latin-American Communism. O'Dwyer was invited to testify this week before the investigating committee by Chairman Rep. Patrick J. Hillings (R) Cal.

## American Student Leads Italian Civic Orchestra

FLORENCE, Italy (AP)—Lorin Manzel, 24-year-old American conductor who came here a music student and won the acclaim of critics, directed a Florence civic orchestra in a concert broadcast by the Italian radio network.

Manzel, from Pittsburgh, studied in Boston before coming to Italy two years ago as a Fulbright Scholarship music student. He made his first hit in Italy last Christmas when he was called to Sicily to conduct a concert in the absence of the regular conductor. Since then he has made several appearances, leading well known Italian orchestras.

# Decade Of Terror Fails To Cool Poles' Love For Freedom

## ...No Uprisings Are Predicted

WASHINGTON (AP)—A Senate report said Sunday 10 years of Communist terrorism has failed to stamp out the burning desire of millions of Poles for independence. "The Pole remains eager for liberty, and expressions of the rejection of communism by every social grouping continue unabated," it said. "The Communist regime in Poland, fraudulently conceived, lives only by a state of permanent war against its own people."

The detailed study of decrees, restrictions and statements by the Communist masters of Poland was made by the legislative reference staff of the Library of Congress.

It was released by the Senate Foreign Relations Committee as part of a series of reports on "tensions within the Soviet captive countries," along with statements by Sens. Wiley (R-Wis.), chairman, and Ferguson (R-Mich.), who is up for reelection.

"Putlaski Day" Monday, Oct. 11, is observed as "Putlaski Day" by millions of Polish-Americans in honor of Brig. Gen. Casimir Putlaski, a Polish officer who died aiding the colonial fight for independence in this country.

Two observances were arranged here Sunday, one at Arlington National Cemetery and one at a monument to Putlaski.

Although the report indicated no likelihood in Poland or violent riots or outbreaks such as the East German protests against communism last year, it painted a picture of deep-seated and bitter opposition to most efforts by Russian Communist leaders to force Poland into the role of an obedient Soviet satellite.

"The fight to throw off the foreign yoke is a periodic phase of Polish history," it said. "This is the fifth partition of Poland, and it encounters the same spirit of Polish nationalism that has always successfully refused to accept subjugation."

Stubborn and independent Polish peasants, who insist upon retaining their own private lands, were credited with stouter resistance to Communist efforts to collectivize farms.

Polish industrial workers, who formerly operated through strong trade unions, were reported using absenteeism as a protest against lower living standards and production pressures by Communist bosses.

And Poland, which is 95 per cent Roman Catholic, was credited with fierce loyalty to the church, despite Communist imprisonment of bishops, priests and other leaders.

### Mrs. Howard Dies; 25-Year Resident

Mrs. Emma M. Howard, 69, 519 So. 18th, a Lincoln resident 25 years, died Sunday at a local hospital.

Born at Belleville, Kan., she came to Lincoln from Chester where she lived to 1906 until 1930.

She belonged to Fourth Presbyterian Church, Martha Washington Chapter 151, OES, and Rebekah Lodge 117 of Chester.

Services will be at 9 a.m. Tuesday at Wadlows, the Rev. Edward L. Jeamey officiating.

There will be graveside services at 2 p.m. Tuesday at the Chester Cemetery.

Surviving are her son, Arlo W. of Lincoln; a sister, Mrs. Ellis Boyer of Beatrice, and four brothers, Henry Michaelis of Kimberly, Ida, Charles Michaelis of Longmont, Colo., Robert Michaelis of Kansas City, Kan., and Edward Michaelis of Lincoln.

### From Lincoln Pulpits—

#### Both Parents Working Called A Threat To Family Circle

One of the major factors threatening the family circle today, especially in a new housing area, is the preponderance of mothers who feel compelled to work outside the home because of economic necessity.

This statement was made by the Rev. Milton Laib in his sermon at Northeast Community Church (Congregational) Sunday morning.

He discussed "the loving fellowship" in response to a query as to how a young couple with a family, both of whom worked to save money for a home, could retain sight of spiritual and family life.

There is real danger in such a situation, the Rev. Mr. Laib said, that the major emphasis in the home will be placed on material instead of moral and spiritual values.

"The Christian faith has historically honored and cherished the family circle," he said. "It encourages such practices and attitudes which tend to foster the growth of love within the home. It discourages practices which tend to disrupt and destroy."

The working family must put forth special effort to preserve the spiritual values which can best be fostered in the homes, he said, if the family would seek to fulfill its own potentialities as well as the demands of the Christian faith.

"Worship is a prime necessity as an interest in Christian outreach," he said "for these help to form a balanced set of values in the midst of the many tensions which are often present in exaggerated form in homes where both parents work."

### Austrian Flood Victims Get American Grain

TRIESTE (AP)—The American freighter Norcuba, out of Philadelphia, docked Sunday in Trieste carrying 9,000 tons of grain donated by the United States to flood victims in northern Austria.

The shipment was the first of 25,000 tons scheduled to be given for Austrian flood relief.
